Quick Start Demos

Core TidyLLM Package

- `tidyllm/run_demo.py` – Main package demo launcher
- `tidyllm/demo-standalone/run_demo.py` – Standalone demo launcher
- `tidyllm/examples/01_quickstart_demo.py` – Basic TidyLLM features 
- `tidyllm/examples/02_dspy_wrapper_demo.py` – DSPy integration
- `tidyllm/examples/03_enhanced_demo_systems.py` – Advanced systems
- `simple_demo.py` – Root directory simple demo

HeirOS Workflow Demos

Hierarchical Workflow Management

- [heiros_demo.py](#) – Basic HeirOS workflow demonstration ✓
- [heiros_streamlit_demo.py](#) – **NEW** Web dashboard for HeirOS ✓
- [tidyllm-heiros/src/electrical-system/simple_viz_demo.py](#) – Circuit visualization
- [tidyllm-heiros/src/electrical-system/electrical_mvr_demo.py](#) – MVR workflow demo

Launchers

- [start_heiros.py](#) – **NEW** Smart cross-platform HeirOS launcher ✓
- [start_heiros.bat](#) – **NEW** Windows HeirOS launcher ✓
- [start_heiros.sh](#) – **NEW** Unix/Linux/Mac HeirOS launcher ✓

Integration & Advanced Demos

Gateway & Routing

- [tidyllm/examples/bedrock_with_settings_demo.py](#) – Bedrock configuration ✓
- [tidyllm/examples/dspy_enhanced_demo.py](#) – Enhanced DSPy features
- [tidyllm/examples/dspy_coordinated_rag_system.py](#) – Coordinated RAG system

RAG & Vector Demos

- [tidyllm/examples/rag_demo_fixed.py](#) – Fixed RAG implementation
- [tidyllm/examples/rag_demo_inmemory.py](#) – In-memory RAG
- [tidyllm/examples/rag_demo_polars.py](#) – Polars-based RAG ✓
- [tidyllm/examples/rag_demo_with_tidymart.py](#) – TidyMart RAG integration

Database Integration

- [tidyllm/examples/encrypted_database_demo.py](#) – Encrypted database features

Enterprise & Compliance Demos

TidyLLM Enterprise

- [tidyllm-enterprise/examples/enterprise_demo.py](#) – Enterprise features

Compliance Framework

- [tidyllm-compliance/examples/model_risk_demo.py](#) – Model risk management
- [tidyllm-compliance/examples/evidence_validation_demo.py](#) – Evidence validation
- [tidyllm-compliance/examples/consistency_analysis_demo.py](#) – Consistency analysis

Business Processing

- [tidyllm-documents/examples/business_processing_demo.py](#) – Document processing workflows

Vector QA & Search Demos

TidyLLM VectorQA

- [tidyllm-vectorqa/tidyllm_vectorqa/whitepapers/validation_qa_demo_app.py](#) – QA validation app
- [tidyllm-vectorqa/tidyllm_vectorqa/whitepapers/qa_embeddings_demo.py](#) – Embeddings demo
- [tidyllm-vectorqa/tidyllm_vectorqa/whitepapers/qa_embeddings_demo_fixed.py](#) – Fixed version
- [tidyllm-vectorqa/tidyllm_vectorqa/whitepapers/qa_demo_simple.py](#) – Simple QA demo
- [tidyllm-vectorqa/tidyllm_vectorqa/whitepapers/simple_rag_demo.py](#) – Simple RAG implementation

Search & Retrieval

- [transfer/qaz_final_20250404/demo_main.py](#) – Legacy demo system
- [transfer/qaz_final_20250404/tabs/demo_dashboard_tab.py](#) – Dashboard demo
- [transfer/qaz_final_20250404/tabs/demo_wizard_tab.py](#) – Wizard interface
- [transfer/qaz_final_20250404/tabs/demo_guided_search_tab.py](#) – Guided search
- [transfer/qaz_final_20250404/tabs/demo_faiss_search_tab.py](#) – FAISS search
- [transfer/qaz_final_20250404/tabs/demo_plan_audit_tab.py](#) – Plan audit
- [transfer/qaz_final_20250404/tabs/demo_truth_viewer_tab.py](#) – Truth viewer

Academic & Research Demos

TidyLLM Sentence

- [tidyllm-sentence/test_demo.py](#) – Sentence processing tests
- [tidyllm-sentence/professor_demo.py](#) – Academic demo
- [tidyllm-sentence/professor_demo_ascii.py](#) – ASCII version

RAG (Retrieval-Augmented Generation) Demos

RAG Demonstrations

- [tidyllm/examples/rag_demo_polars.py](#) – RAG with Polars DataFrames 
- [tidyllm/examples/rag_demo_with_tidymart.py](#) – RAG with TidyMart integration 
- [tidyllm-vectorqa/tidyllm_vectorqa/whitepapers/simple_rag_demo.py](#) – Simple paper-based RAG 
- [tidyllm/examples/dspy_coordinated_rag_system.py](#) – DSPy coordinated RAG system 

RAG Smart Launchers

- [start_rag_polars.py](#) – **NEW** Polars RAG launcher with dynamic ports 
- [start_rag_tidymart.py](#) – **NEW** TidyMart RAG launcher with dynamic ports 
- [start_rag_vectorqa.py](#) – **NEW** VectorQA RAG launcher with dynamic ports 
- [start_rag_dspy.py](#) – **NEW** DSPy RAG launcher with dynamic ports 

Web Applications & Streamlit

Streamlit Applications

- [tidyllm-whitepapers/streamlit_demo/app.py](#) – Whitepapers web app
- [tidyllm-vectorqa/tidyllm_vectorqa/whitepapers/app.py](#) – VectorQA web interface
- [heiros_streamlit_demo.py](#) – **NEW** HeirOS Control Center 

Web Launchers

- [tidyllm-whitepapers/streamlit_demo/launch_demo.bat](#) – Windows launcher
- [tidyllm-whitepapers/streamlit_demo/launch_demo.sh](#) – Unix launcher

- [tidyllm-vectorqa/tidyllm_vectorqa/whitepapers/launch_demo.bat](#) – Windows VectorQA launcher
- [tidyllm-vectorqa/tidyllm_vectorqa/whitepapers/launch_demo.sh](#) – Unix VectorQA launcher

Demo Collections & Launchers

Multi-Demo Systems

- [tidyllm-demos/start_demos.py](#) – Multi-demo launcher system 
- [tidyllm-demos/demos/mvr-demo/mvr_demo.py](#) – MVR-specific demo
- [tidyllm-demos/demos/gateway-control/gateway_control.py](#) – Gateway control demo
- [tidyllm-demos/demos/live-ticker/live_ticker.py](#) – Live ticker demo

Utility & Support Demos

Visual & Monitoring

- [tidyllm/visual_demo.py](#) – Visual demonstration features
- [tidyllm/demo-standalone/visual_demo.py](#) – Standalone visual demo

Protection & Security

- [tidyllm/demo_protection.py](#) – Demo protection features
- [tidyllm/demo-standalone/demo_protection.py](#) – Standalone protection
- [tidyllm/tidyllm/demo_protection.py](#) – Package-level protection

Testing & Status

Demo Status Tracking

- [DEMO_STATUS_FINAL.md](#) – Final testing results report 
- [final_demo_status_report.py](#) – Status reporting script
- [demo_status_check.py](#) – Status checking utility
- [demo_test_results.py](#) – Test results compilation

Recommended Demo Flow

For New Users

1. `tidyllm/examples/01_quickstart_demo.py` – Start here ✓
2. `heiros_demo.py` – Try workflow management ✓
3. `heiros_streamlit_demo.py` – Explore web interface ✓

For Developers

1. `tidyllm/run_demo.py` `--help` – Understand main package
2. `start_heiros.py` – Launch dev environment
3. `tidyllm/examples/rag_demo_polars.py` – RAG integration

For Enterprise

1. `tidyllm-compliance/examples/model_risk_demo.py` – Risk management
2. `tidyllm-enterprise/examples/enterprise_demo.py` – Enterprise features
3. `tidyllm-vectorqa/tidyllm_vectorqa/whitepapers/validation_qa_demo_app.py` – QA validation

Demo Statistics

- **Total Demo Files:** 50+
- **Working Demos:** ✓ 80% (per `DEMO_STATUS_FINAL.md`)
- **Main Issue:** AWS credentials configuration
- **Best Coverage:** Core TidyLLM, HeirOS, RAG systems
- **Newest Additions:** HeirOS Streamlit suite, smart launchers

Quick Launch Commands

```
# Core TidyLLM
python tidyllm/examples/01_quickstart_demo.py
```

```
# HeirOS Workflows
start_heiros.py                # Smart launcher
python heiros_demo.py          # Basic workflow demo
```

```
# Web Dashboards
start_heiros.py                # HeirOS Control Center
```

```
python tidyllm-whitepapers/streamlit_demo/app.py
```

```
# Multi-Demo Launcher
```

```
python tidyllm-demos/start_demos.py
```

Last Updated: 2025-09-01 — Comprehensive audit of TidyLLM ecosystem demos • [Back to top 1](#)
